Summary

Flutter Developer with 1 year of professional experience in building scalable, cross-platform mobile applications using Dart with GetX and Bloc for state management, routing, and dependency injection. Proficient in integrating RESTful APIs, managing asynchronous data flows, and connecting front-end UIs with backend services. Experienced in implementing Firebase solutions such as Authentication, Firestore, Realtime Database, and Cloud Storage for real-time and secure data handling. Skilled in using GitLab for version control, CI/CD pipeline development, and Agile methodologies including sprint planning, code reviews, and team collaboration.

Education

Sri Venkateshwaraa College of Engineering and Technology

B. Tech in Computer Science and Engineering

Sept 2019 - Aug 2023

CGPA - 8.2

Crescent Higher Secondary School

Higher Secondary School

Experience

Junior Developer

Spin Info Solutions Private Limited

Puducherry, India

Aug 2024 - Aug 2025

- Developed a mobile and web-based Point of Sale (POS) system, an organizational application, and an admin panel using Flutter, GetX, and Firebase for real-time operations and data synchronization.
- Created a responsive brand website and integrated backend services using GraphQL, and Firebase to ensure seamless communication across platforms.
- Implemented GitLab CI/CD pipelines for automated deployment across Android, iOS, and Web platforms.

Projects

Point of Sale Web Application For Restaurants

Spin Info Solutions Private Limited

Puducherry, India

Aug 2024 - Aug 2025

- Designed and built a complete POS system with real-time order tracking, inventory management, and reporting tools using Flutter and Node.js.
- Developed responsive UIs with Figma and Flutter, ensuring usability across devices.
- Integrated secure and efficient backend services using GraphQL APIs and Firebase.
- Technical Skills: Figma, Flutter, GetX, Dart, Node.js, JavaScript, GrahpQL, GitLab

E-Commerce Website for Fragrance

Spin Info Solutions Private Limited

Puducherry, India

Mar 2025 - July 2025

- Built a full-featured e-commerce website for a fragrance brand using Flutter and GetX, ensuring cross-platform compatibility for web and mobile.
- Implemented core features including product listing, dynamic search, cart and checkout system, and order tracking.
- Integrated Firebase services for authentication, real-time database, and storage, enabling secure and responsive user experiences. Developed a custom admin panel for inventory and order management.
- Technical Skills: Figma, Flutter, GetX, Dart, Node.js, JavaScript, GrahpQL, GitLab CI/CD Pipelines

Internship

Spin Info Solutions Private Limited

Puducherry, India

Mobile App Development

Aug 2024 - Aug 2025

- Designed mobile app UIs using Figma and created high-fidelity mockups and wireframes.
- Built cross-platform mobile applications with Flutter, handling full development lifecycle.
- Participated in Agile practices including daily stand-ups, sprint planning, and code reviews.
